FOREWORD

1981 - 1982

The year 1981 completed the first 100 years of insurance regulation in Colorado though the nation celebrated its Bicentennial and Colorado its Centennial in 1976. 1982 is the Colorado Insurance Division's Centennial year.

In 1882 Colorado's first insurance regulator took office. John C. Abbott was elected "Auditor of the State and Superintendent of Insurance". The term of office was two years. Until 1907 the office of Auditor and Superintendent of Insurance were combined.

However, before the turn of the century, it ceased being an elective position and became an appointive position, appointed by the Governor. Then in 1907 the offices became seperate agencies. The title for the insurance regulatory authority was changed from "Superintendent" to "Commissioner of Insurance". That is as it remains to this day. In about 1915, the Commissioner ceased to be a Governor's appointee and, by constitutional change, became what was then called a State Civil Service position. Now the same concept applies though it is called the State Personnel System instead of Civil Service. With this change the position was no longer basically a two year term. It was a term to resignation or retirement. This can be seen clearly when reviewing the roster of the twenty-five Commissioners or Superintendents who have served in the past 100 years. The roster appears on page iii.

A further change took place in 1968 with the reorganization of the Executive Branch of Colorado government into not more than 20 Departments. Along with over 170 other state agencies, the Insurance Department became a Division of one of the 20 authorized Departments. The Insurance Division became an agency within the Department of Regulatory Agencies (DORA), reporting through the Executive Director of DORA instead of directly to the Governor.

In 1978 a further change was made by creation of the part-time Insurance Board to function in a manner similar to a corporate board of directors in influencing policy and regulation by the Insurance Division in implementing the insurance laws.

While interesting accomplishments and activities of each of the Superintendents or Commissioners could well be noted, only a few will be mentioned here. For example, Darwin P. Kingsley, who served 1886-1888, became an executive of and finally Chairman of the Board of New York Life, from which he retired in the 1940s. Colorado had the first female head of a state insurance regulatory office. In 1914 and 1915 Mrs. D.M. Rolph served. Because she was recorded by initials only, it was not until her picture was retrieved from the State Archives a few years ago that it was remembered. Thus, Colorado was years ahead of Pennsylvania which first had a female commissioner in the 1960s. Since then, there have been female commissioners in Mississippi, Wisconsin, Michigan, Hawaii, Oregon and Nevada.

Next to the present Commissioner, Jackson Cochrane served the longest, approximately 17 years. The first 20 commissioners served approximately two years each. This is about the same as the current average service of all commissioners in the various states and the District of Columbia in recent years. The shortest Colorado term was the temporary appointment of Robert L. Brown who served approximately 45 days in February and March of 1964.

1982 is the Centennial year of insurance regulation in Colorado. However, the Insurance Division is now responsible for far more than just regulating insurance. It covers:

Insurance	
All Types of Companies	1,321
Agents and Agencies	24,095
Adjusters	1,887
Bailbondsmen	100
Nonprofit Hospital and Health Service Corporations	4
Health Maintenance Organizations	8
Pre-Need Funeral Plans	67
Cemetery Endowment Trust Funds	30
Motor Clubs	20
Certain Governmental Entities Self Insured Plans	2
Pre-Paid Dental Plans	2
Life Care Centers	6

Of the entities regulated, 173 are domiciled in Colorado. The remaining are non-Colorado corporations, licensed to do business in Colorado.

The Colorado Insurance Board consists of the Commissioner as Chairman and five persons appointed by the Governor and confirmed by the Senate for five year terms. Each must reside in a different Congressional District.

Premium taxes, license and other fees are paid, as prescribed by law, by the regulated individuals and companies. In the fiscal year ending June 30, 1982 revenue collected amounted to:

Premium Taxes	$45,396,344
Individual licenses and fees	611,072
Company fees	324,932
Interest, fines and penalties	56,243
Other Revenue	28,705
Total Revenue	$46,417,296

All of the revenue collected is placed in the General Fund for appropriation by the General Assembly.

Appropriation for operating in fiscal year ending June 30, 1983 is:

Personal Services	$ 1,328,167
Operating	81,835
Travel	12,073
Legal Expenses	71,994
Insurance Board	7,118
Miscellaneous	3,573
Total Approriation	$ 1,504,760

To best serve the public, the Division is organized in the following sections:

Administration
Licensing and Investigations
Financial Examinations
Consumer Awareness
    (1) Life, Accident and Health
    (2) Property and Casualty

ADMINISTRATION

Responsible for collecting all revenue, handling corporate matters and general administration.

LICENSING AND INVESTIGATIONS

Licensing issues all insurance agents, brokers, motor club representatives, bail bondsmen, adjusters, pre-need and agency licenses as well as all license certifications (for applying for a non-resident license in another state) and clearance letters (clearing an individual to work in a new resident state). The total number of individuals licensed is 24,095. Most licenses are for two years. The number of licenses issued in a year, including renewals and new licenses are about 16,900. The number of company appointments issued in a year are 72,500.

During the fiscal year 81-82 the investigators received 642 complaint cases and 421 cases were closed. Seven hearings were held. 44 cases are awaiting hearing dates.

Cases investigated involve many probable violations such as agent's fiduciary responsibility, misrepresentation, unfair claims practices, bail bondsmen forfeitures, pre-need claims (usually misrepresentation), issuance of fictitious policies by agents, Medicare supplement replacement violations, Medicare over-sell, license violations, and pre-need trust violations.

FINANCIAL EXAMINATIONS

The law provides that the Insurance Division examine (more than just audit) each domestic company at regular intervals. Where a Colorado company does business in other states, examiners from such states may participate in the examinations. Likewise, our staff participates in examining foreign (non-Colorado) companies licensed to do business in Colorado, when staffing permits. The purpose is to assure financial soundness, compliance with law, and proper dealing with insureds.

In the past year, the following domestic examinations were completed:

Domestic Insurance Carriers	18
Captive Insurance Companies	8
Health Maintenance Organizations	3
Non-Profit Hospital	2
Pre-Need Funeral	68
Cemeteries	15
Total	114

CONSUMER AWARENESS

A newly adopted title was created in 1982 to give more meaning to the Section, but more importantly, to let the public, at large, know of the government assistance available. Telephone communication and "Open Door Policy" to receive citizen inquiries and requests for help or handling complaints are available Monday through Friday 8:00 a.m. to 5:00 p.m..

1. Life, Accident and Health

Activity with respect to consumer complaints and policy form filings for the first 11 months of Fiscal Year 81-82 is as follows:

Complaints Received	2,179
Complaints Resolved	1,914
Policy Forms Filed	13,981
Policy Forms Processed	13,826
Telephone Calls from Public	15,900

Consumer complaints show a 27% increase in the first four months of 1982 as compared to the same period in 1981. Policy forms processed increased 30%. Telephone calls also increased 30%.

It is estimated that many thousands of dollars are recovered for the public. Some of it represents dollars that would not have been paid without our help. Other amounts would probably have been paid, but we believe the payments were made much faster as a result of our intervention.

2. Property and Casualty

There are approximately 2,000 telephone calls from the general public to the Property & Casualty section per month, or 24,000 per year. There are approximately 150 walk-ins per month, or 1,800 per year.

Protest notices and complaint letters combined with any general correspondence from insureds requesting information total over 7,200 annually. Company filings are approximately 2,000 items per year.

The Property and Casualty section holds approximately 25 to 30 hearings a month on auto rate protests.

On the following pages are interesting past and present statistics and financial figures.
